Payroll Solutions Canada (PSC) Rebuilds Team

Sadly, Jennifer Coté, President & CEO passed away in the fall of 2009. Her business and life partner, Michael Coté has assumed her responsibilities.

With Jennifer's loss, organizational changes were required that resulted in a reduction of staff, however we are pleased to inform you that PSC is now in the process of rebuilding its team. As a result, we have added new employees over the last several months to help position PSC for continued growth and to better serve our valued customers.

New Appointments

Candice Anderson—Office Manager
Janet Brooks—Senior Consultant
Lorraine McLean—Sales & Marketing Assistant
Kimberley White—Payroll Administrator

We will continue to provide the same great products and excellent services on which we have built our reputation in the industry.

Payroll Technology - New Challenges

Payroll technology's focus has always been on the process of paying people accurately and on time. With companies adjusting their business practices in these tough economic times, there is a shift and increase to a more mobile, communication driven at-home workforce. Payroll technology must support and engage in this new trend in order to obtain payroll, time and attendance, and absence from workers who now work remotely more than ever before!
