**Payroll Solutions Canada Inc. Introduces PSC Workforce Solution for Small Business™**

PSC Workforce Solution for Small Business™ is an automated time and attendance software system designed to help small businesses manage their labour processes and policies. This program provides you with more time to focus on the important tasks of growing your business while saving you money and providing you peace of mind with accurate payroll reporting. With PSC Workforce Solution for Small Business™ you will receive the following benefits;

- Automated immediate reconciliation of time data
- Unlimited departments
- Easy export to Payroll
- Two levels of overtime
- Time rounding
- In/out zones to control unauthorized overtime
- Outputs hundreds of detailed reports
- Assign off site work, holiday & other hours by individual or group
