

Payroll Solutions International is a unique Canadian Payroll Company.

In addition to custom payroll solutions—including complete outsourcing—we provide the availability of complete online International Payroll Services, Time & Labour Management, Human Resource Management Systems, Report Writer, and Direct Deposit.

We also offer five employee payment methods including traditional cheques, bank direct deposit, hyperWALLET™, email money transfer, PAYlution™ debit cards and Travellex Payroll Deduct.

This gives an organization with travelling employees or expense accounts the ability to reimburse them anywhere, anytime, in either Canadian or US Dollars. With our portable Time and Labour Management technology, you also know where your employees are and what they are doing at any time!

Fitting the need...

Beyond payroll, we offer complete business registration and tax services for any jurisdiction in Canada. We also deliver complete Time & Labour Management integration and web-based reporting. With our team of consultants, we provide human resources services and professional advice to employers without Human Resources departments.

Working with our business partners, we provide business payment services of all transaction types. We attribute our growth to our dedication to superior client service and understanding of technology. Our certified professionals are eager to serve you, and we can be reached every business day by internet, telephone, email and fax.

Call us today to have one of our business development specialists help you tailor a plan to manage your payroll, human resources information and specialized business needs.
