How it works

PSI Workforce TLM® Analysis

- ▶ Records and summarizes
- ▶ Analyze non-worked time
- ▶ Tracks benefit days
- ▶ Two standard accrual categories
- ▶ Identifies trends and patterns
- ▶ Provides information for personnel files
- ▶ Crystal Reports
- ▶ Highly detailed timecard reports

PSI Workforce TLM® Expandability

- ▶ Add biometric or card swipe clocks at your facility with no extra software to install
- ▶ Add access control terminals and operate them directly from the PSI Workforce TLM® interface
- ▶ Add the accruals+ module for more complex unlimited accrual tracking
- ▶ Add or subtract employees online, whenever you need to

Note: Adding clocks remotely requires TCP/IP connection and static IP addresses

PSI Workforce TLM®

- ▶ Email reporting capabilities
- ▶ Email module
- ▶ Standard "In/Out" Board
- ▶ Automatic daylight savings time corrections
- ▶ Free automatic online updates
